  Board: CBSE
  Percentage: 94.8%

- **X** (2018 – 2019)
  Board: CBSE
  Percentage: 95%

Technical Skills

- **Programming Languages:**
  JavaScript, Java

- **Technologies:**
  MERN Stack (JS), Tailwind CSS

- **Databases:**
  MongoDB, MySQL

- **Other Tools:**
  Designing: Figma, Photoshop
  Presentation: Figma, PowerPoint, Canva

Achievements

- I have participated in several essay writing competitions and speech competitions.
- I have participated in several singing competitions and won awards in both solo and group singing categories.
- I have actively taken part in various stage-plays and street plays and even won awards for some of them.

Projects

Partially True

'Partially True' is a browser-based game where the computer chooses a number and you must guess it within given tries. For each digit you enter, the computer tells you which digit is in the number, which digit is not in the number, and which digit is at the wrong position.

Tech: React.js, Tailwind CSS

Evil Simon

'Evil Simon' is a browser-based game which derives its inspiration from 'The Simon Says' game. This game is made more difficult for the players to test and sharpen their memory.

Tech: React.js, CSS

Link: https://evil-simon.vercel.app

Mini-Games

'Mini-Games' is a Command line Python project consisting of several fun mini-games and IQ testers.

Tech: Python

Link: https://github.com/Aditya-Pandey-GH/G-12

Health Elevator

'Health Elevator' is a health-centric website that helps the users to search for nearby medical shops and set reminders for their medicines, which are sent on their WhatsApp number. Also, the specially abled people can learn about the government schemes for them, through the website.

Tech: React.js, Node.js, MongoDB, CSS

Certifications

- I received a certification from 'Tech Explica', for completing the Summer Training Program on MERN Stack.
- I received a certificate, certified by 'Bajaj', 'The Milk Bag Project' and others, for organizing a milk packet collection drive in JIMS Rohini Sector 3 and Sector 5.
